Winner of the PEN Center USA Literary Award for Research Nonfiction Named one of the Top 3 JFK Books by Parade Magazine. Named 1 of The 5 Essential Kennedy assassination books ever written by The Daily Beast. Named one of the Top Nonfiction Books of 2013 by Kirkus Reviews. In the months and weeks before the fateful November 22nd, 1963, Dallas was brewing with political passions, a city crammed with larger-than-life characters dead-set against the Kennedy presidency. These included rabid warriors like defrocked military general Edwin A. Walker; the world's richest oil baron, H. L. Hunt; the leader of the largest Baptist congregation in the world, W.A. Criswell; and the media mogul Ted Dealey, who raucously confronted JFK and whose family name adorns the plaza where the president was murdered. On the same stage was a compelling cast of marauding gangsters, swashbuckling politicians, unsung civil rights heroes, and a stylish millionaire anxious to save his doomed city. Bill Minutaglio and Steven L. Davis ingeniously explore the swirling forces that led many people to warn President Kennedy to avoid Dallas on his fateful trip to Texas. Breathtakingly paced, DALLAS 1963 presents a clear, cinematic, and revelatory look at the shocking tragedy that transformed America. Countless authors have attempted to explain the assassination, but no one has ever bothered to explain Dallas-until now. With spellbinding storytelling, Minutaglio and Davis lead us through intimate glimpses of the Kennedy family and the machinations of the Kennedy White House, to the obsessed men in Dallas who concocted the climate of hatred that led many to blame the city for the president's death. Here at long last is an accurate understanding of what happened in the weeks and months leading to John F.

DALLAS 1963 is not only a fresh look at a momentous national tragedy but a sobering reminder of how radical, polarizing ideologies can poison a city-and a nation.

The authors ingeniously explore the swirling forces that led many people to warn President Kennedy to avoid Dallas on his fateful trip to Texas.

In November 1963 President John F. Kennedy was assassinated in Dallas, Texas. His death remains a defining moment for millions of people but few understand the unstoppable forces that were building in the city long before this dramatic event played out before the world. Dallas 1963 is a riveting account of the convergence of a group of unyielding and highly focused protagonists in a city sometimes seemingly filled with hate for JFK. Wicked stabs of fate and circumstance steered these fascinating characters together: the richest man in the world, a combative military general, a Mafia don, a strident Congressman, thundering preachers and even the elegant owner of one of America's most famous stores. This book expertly narrates how the spiralling events surrounding these characters on the ground in Dallas ultimately brewed a toxic environment before the President's assassination. Using a

wealth of new information, as well as the first ever examination of key primary documents, Bill Minutaglio and Steven L. Davis, both experts in their field, provide a comprehensive and detailed portrait of the place, the time and the people of these extraordinary events in American history. They also provide cautionary and controversial lessons rendering this time increasingly relevant for the modern age.

For John Nance “Cactus Jack” Garner, there was one simple rule in politics: “You’ve got to bloody your knuckles.” It’s a maxim that applies in so many ways to the state of Texas, where the struggle for power has often unfolded through underhanded politicking, backroom dealings, and, quite literally, bloodshed. The contentious history of Texas politics has been shaped by dangerous and often violent events, and been formed not just in the halls of power but by marginalized voices omitted from the official narratives. *A Single Star and Bloody Knuckles* traces the state’s conflicted and dramatic evolution over the past 150 years through its pivotal political players, including oft-neglected women and people of color. Beginning in 1870 with the birth of Texas’s modern political framework, Bill Minutaglio chronicles Texas political life against the backdrop of industry, the economy, and race relations, recasting the narrative of influential Texans. With journalistic verve and candor, Minutaglio delivers a contemporary history of the determined men and women who fought for their particular visions of Texas and helped define the state as a potent force in national affairs.

In perhaps his most important literary feat, Norman Mailer fashions an unprecedented portrait of one of the great villains—and enigmas—in United States history. Here is Lee Harvey Oswald—his family background, troubled marriage, controversial journey to Russia, and return to an “ America [waiting] for him like an angry relative whose eyes glare in the heat. ” Based on KGB and FBI transcripts, government reports, letters and diaries, and Mailer ’ s own international research, this is an epic account of a man whose cunning, duplicity, and self-invention were both at home in and at odds with the country he forever altered. Praise for Oswald ’ s Tale “ America ’ s largest mystery has found its greatest interpreter. ” —The Washington Post Book World “ Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance. . . . From the American master conjurer of dark and swirling purpose, a moving reflection. ” —Robert Stone, The New York Review of Books “ A narrative of tremendous energy and panache; the author at the top of his form. ” —Christopher Hitchens, Financial Times “ The performance of an author relishing the force and reach of his own acuity. ” —Martin Amis, The Sunday Times (London) Praise for Norman Mailer “ [Norman Mailer] loomed over American letters longer and larger than any other writer of his generation. ” —The New York Times “ A writer of the greatest and most reckless talent. ” —The New Yorker “ Mailer is indispensable, an American treasure. ” —The Washington Post “ A devastatingly alive and original creative mind. ” —Life “ Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance. ” —The New York Review of Books “ The largest mind and imagination [in modern] American literature .

. . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book. ” —Chicago Tribune “ Mailer is a master of his craft. His language carries you through the story like a leaf on a stream. ” —The Cincinnati Post

The award-winning memoir of one tumultuous year of boyhood in Fort Worth, Texas, opening with a handshake with JFK, and recalling the changes and revelations of the months that followed. Winner of the LA Times Christopher Isherwood Prize for Autobiographical Prose, and a New York Times Editor's Choice. “ A marvel of a book—elegant, touching, singular. ” —Mary Karr “ Brief and moving . . . An elegantly written book, erudite, perceptive and at times painfully candid. ” —Moirra Hodgson, Wall Street Journal After John F. Kennedy ’ s speech in front of the Hotel Texas in Fort Worth on November 22, 1963, he was greeted by, among others, an 11-year-old Benjamin Taylor and his mother waiting to shake his hand. Only a few hours later, Taylor ’ s teacher called the class in from recess and, through tears, told them of the president ’ s assassination. From there Taylor traces a path through the next twelve months, recalling the tumult as he saw everything he had once considered stable begin to grow more complex. Looking back on the love and tension within his family, the childhood friendships that lasted and those that didn ’ t, his memories of summer camp and family trips, he reflects upon the outsized impact our larger American story had on his own. Benjamin Taylor is one of the most talented writers working today. In lyrical, translucent prose, he thoughtfully extends the story of twelve months into

Get Free Dallas 1963 Bill Minutaglio

the years before and after, painting a portrait of the artist not simply as a young man, but across his whole life. As he writes, “ [A]ny twelve months could stand for the whole. Our years are so implicated in one another that the least important is important enough . . . Any year I chose would show the same mettle, the same frailties stamping me at eleven and twelve. ”
