Peugeot 207: i keep getting a engine oil pressure too low...

It may disappear for a while but then can reappear without warning. Oil and filter was changed as service was due shortly but light still came on , engine ok, took it to a Peugeot/citroen independent specialist but the diagnostics showed no fault and no logged faults. Replaced the oil pressure switch but the problem has returned.

Oil pressure warning light - 2008 Peugeot 308 1.6 hdi ...

if this is all OK and the oil pressure is at least 1.3Bar ( 20psi) at hot idle then replace the switch. If you do have a low pressure reading and to turn on the light it will be very low about 5psi then replace the oil pump and ensure that the pump pickup in the sump hasn't come loose or is blocked. Ask Your Own Peugeot Question.

Oil pressure warning light keeps coming on and setting off

I would also get your garage to check the oil pressure with a gauge (i.e. remove the sensor and connect a gauge that tell the exact pressure on the oil. If all is ok. I would then change the sensor. IF YOU HAVE LOW OIL PRESSURE YOU RISK DAMAGING THE ENGINE.

Oil Pressure Insufficient - warning » Peugeot 307 forum ...

Engine Oil Pressure WARNING LIGHT. This oil light symbol signifies a problem with the lubrication system within the engine. Pull over and stop as soon as safe to do so and turn off engine immediately. Continued engine running risks significant damage. Contact Peugeot technician. ## Online Library Engine Oil Pressure Warning Peugeot 207

If the red Peugeot 2008 low oil pressure warning light comes on, stop the vehicle as soon as possible and switch off the engine. Check oil levels. If oil level is low top up. If the oil level did not require topping up, do not restart the engine and contact a Peugeot workshop. If you did add oil, start the engine but only continue your journey if the oil light switches off. If it remains on, switch off the engine and contact a Peugeot workshop. Airbag Warning Light

Peugeot 2008 Dashboard Warning Lights - DASH-LIGHTS.COM

I have a Peugeot 207 SW (2008) i have had the oil pressure "stop now" warning come on twice, the first time in may 2013 when the garage serviced and changed oil filter and oil. Since then the car has been fine until last week (oct 2013), the car is now at Peugeot who says literally everything needs fixing at a cost of £7000 - does this sounds right?

I have a Peugeot 207 SW (2008) i have had the oil pressure ...

Peugeot 207 engine oil level dash warning light - if this light is illuminated it means that the engine oil needs to be topped up. Please top up as required immediately. Peugeot 207 engine oil pressure warning light - illuminates when the oil pressure falls below the normal range. Check your oil levels and top up if necessary.

Peugeot 207 Car Warning Lights - Diagnostic World

Normally the oil pressure would drop with increasing temperature, I would agree with Xantia v6 that its probably a sensor fault. If the engine was sufficiently worn to cause low oil pressure it would probably have a bottom end rattle on start up. Could be a faulty oil pump of course but I don't think its a common problem.

insufficient oil pressure and stop warning c8 - French Car ...

Peugeot 508 >P< warning light for the parking system - this symbol means that the parking sensors are active and are measuring the distance between the sensors and the object in front or behind. Peugeot 508 low oil pressure warning light - this symbol indicates that the oil level in your engine might be low.

Peugeot 508 Car Warning Lights - Diagnostic World

Oil Pressure: The Peugeot 3008 oil light is an indication that the oil pressure is low. Sufficient pressure is required to lubricate engine components. If there is insufficient pressure, oil may not lubricate components resulting in damage. As soon as you're able to do so, pull over and switch off the engine.

Peugeot 3008 Dashboard Warning Lights

Oil pressure warning lights are normally activated at <5-7psi..... by the time the light comes on its already doing damage Many late model cars actually use quite a lot of oil in normal use, they need...
