The second edition of *Vis-à-vis* continues the excitement of the innovative first edition with a fully integrated and revised multimedia package and an exciting Correspondance feature (chapter opening letter, postcard or e-mail, which is answered in the mid-lesson Correspondance cultural spread) presented throughout the text. The overall goal of the revision, which was shaped by the extensive user feedback, remains the same as that of the first edition: to promote a balanced four-skills approach to learning French through a wide variety of listening, speaking, reading, and writing activities, while introducing students to the richness and diversity of the Francophone world.

"This is a program that focuses on all 3 modes of communication (interpersonal, presentational, interpretive) and was designed with the Common Core State Standards (CCSS) in mind."--Amazon/Publisher.

These are the answer keys to the tests provided for French 1. These tests include two tests per chapter, plus a final exam at the end of the book. In each chapter, the first test focuses on the student's understanding of structure. It incorporates recognition of vocabulary, competency in using grammar, and a listening section. The second test in each chapter focuses on the student's ability to communicate, both orally and in writing. It begins with the student reciting a verse of Scripture, proceeds to some conversation with the teacher, and ends with a written exercise. The final exam includes aspects from both the structure and communication tests."
