Adventures of Huckleberry Finn (often shortened to Huck Finn) is a novel written by American humorist Mark Twain. It is commonly used and accounted as one of the first Great American Novels. It is also one of the first major American novels written using Local Color Regionalism, or vernacular, told in the first person by the eponymous Huckleberry "Huck" Finn, best friend of Tom Sawyer and hero of three other Mark Twain books. The book is noted for its colorful description of people and places along the Mississippi River. By satirizing Southern antebellum society that was already a quarter-century in the past by the time of publication, the book is an often scathing look at entrenched attitudes, particularly racism. The drifting journey of Huck and his friend Jim, a runaway slave, down the Mississippi River on their raft may be one of the most enduring images of escape and freedom in all of American literature.

Seminar paper from the year 2007 in the subject English - Literature, Works, grade: 2,7, Friedrich-Alexander University Erlangen-Nuremberg (Anglistik/Amerikanistik), course: PS Mark Twain, language: English, abstract: Having the possibility to read one of Mark Twain's most controversial pieces of literature at university should not be taken for granted by students, as the novel "The Adventures of Huckleberry Finn" had been struggling for its existence in the curriculum and for its title of an American classic from the day its first English edition appeared in 1884. The historical frame around the novel provides the reader insight into the Antebellum South illustrating the limitations which American civilization imposes on individual freedom of African Americans by the time before American Civil War and furthermore attacks on the evil ways in which racism impinges upon their lives. At that point opinions about the novel's correctness arise and critics are divided into detractors and supporters, where opinions range from "racist trash" to "one of the world's greatest books."

Essays on its background, themes, style, and ending accompany the story of Huck Finn and Jim, an escaped slave, as they travel down the Mississippi

This Squid Ink Classic edition of *The Adventures of Huckleberry Finn* includes the full text of the work plus MLA style citations for scholarly secondary sources, peer-reviewed journal articles and critical essays for when your teacher requires extra resources for your research paper.

This is a practical guide to planning, researching and writing a college research paper. The book provides step-by-step instructions and illustrated them with examples.

Everyone knows the story of the raft on the Mississippi and that ol' whitewashed fence, but now it's time for youngins everywhere to get right acquainted with the man behind the pen. Mr. Mark Twain! An interesting character, he was...even if he did sometimes get all gussied up in linen suits and even if he did make it rich and live in a house with so many tiers and gazebos that it looked like a weddin' cake. All that's a little too proper and hog tied for our narrator, Huckleberry Finn, but no one is more right for the job of telling this picture book biography than Huck himself. (We're so glad he would oblige.) And, he'll tell you one thing—that Mr. Twain was a piece a work! Famous for his sense of humor and saying exactly what's on his mind, a real satirist he was—perhaps America's greatest. Ever. True to Huck's voice, this picture book biography is a river boat ride into the life of a real American treasure.

o Includes the authoritative texts for eleven pieces written between 1868 and 1902 o Publishes, for the first time, the complete text of "Villagers of 1840-3," Mark Twain's astounding feat of memory o Features a biographical directory and notes that reflect extensive new research on Mark Twain's early life in Missouri Throughout his career, Mark Twain frequently turned for inspiration to memories of his youth in the Mississippi River town of Hannibal, Missouri. What has come to be known as the Matter of Hannibal inspired two of his most famous books, *Tom Sawyer* and *Huckleberry Finn*, and provided the basis for the eleven pieces reprinted here. Most of these selections (eight of them fiction and three of them autobiographical) were never completed, and all were left unpublished. Written between 1868 and 1902, they include a diverse assortment of adventures, satires, and reminiscences in which the characters of his own childhood and of his best-loved fiction, particularly Huck Finn and Tom Sawyer, come alive again. The autobiographical recollections culminate in an astounding feat of memory titled "Villagers of 1840-3" in which the author, writing for himself alone at the age of sixty-one, recalls with humor and pathos the characters of some one hundred and fifty people from his childhood. Accompanied by notes that reflect extensive new research on Mark Twain's early life in Missouri, the selections in this volume offer a revealing view of Mark Twain's varied and repeated attempts to give literary expression to the
