New Journey to The West 4. Sezon | AsyaTürk
The Journey to the West is one of the four great classics of Chinese literature. As an English translation runs to over 1800 pages tackling it seems to be as daunting a task as reading all of Milton's Paradise Lost and Paradise Regained. In fact W.J. Jenner's fabulous translation turns the thing into a fabulous comic romp.

Containing chapters 51-100 of China's best-loved work, in an edited, yet complete and wholly accurate translation for the Western reader. Travel with Monkey, Pig, Friar Sand and the Tang Priest as they continue their journey to India and finally attain the scriptures. Volume 2 contains some of the most famous episodes from this classic, including Monkey's duel with the Princess Iron Fan.

Anthony C. Yu's translation of The Journey to the West,initially published in 1983, introduced English-speaking audiences to the classic Chinese novel in its entirety for the first time. Written in the sixteenth century, The Journey to the West tells the story of the fourteen-year pilgrimage of the monk Xuanzang, one of China's most famous religious heroes, and his three supernatural disciples, in search of Buddhist scriptures. Throughout his journey, Xuanzang fights demons who wish to eat him, communes with spirits, and traverses a land riddled with a multitude of obstacles, both real and fantastical. An adventure rich with danger and excitement, this seminal work of the Chinese literary canonis by turns allegory, satire, and fantasy. With over a hundred chapters written in both prose and poetry, The Journey to the West has always been a complicated and difficult text to render in English while preserving the lyricism of its language and the content of its plot. But Yu has successfully taken on the task, and in this new edition he has made his translations even more accurate and accessible. The explanatory notes are updated and augmented, and Yu has added new material to his introduction, based on his original research as well as on the newest literary criticism and scholarship on Chinese religious traditions. He has also modernized the transliterations included in each volume, using the now-standard Hanyu Pinyin romanization system. Perhaps most important, Yu has made changes to the translation itself in order to make it as precise as possible. One of the great works of Chinese literature, The Journey to the West is not only invaluable to scholars of Eastern religion and literature, but, in Yu's elegant rendering, also a delight for any reader.

A roguish monkey leads a seventh-century traveller into encounters with spirits, demons, and fairies in this allegorical novel

Anthony C. Yu's celebrated translation of The Journey to the West reinvigorated one of Chinese literature's most beloved classics for English-speaking audiences when it first appeared thirty years ago. Yu's abridgment of his four-volume translation, The Monkey and the Monk, finally distills the epic novel's most exciting and meaningful episodes without taking anything away from their true spirit. These fantastic episodes recount the adventures of Xuanzang, a seventh-century monk who became one of China's most illustrious religious heroes after traveling for sixteen years in search of Buddhist scriptures. Powerfully combining religious allegory with humor, fantasy, and satire, accounts of Xuanzang's journey were passed down for a millennium before culminating in the sixteenth century with The Journey to the West. Now, readers of The Monkey and the Monk can experience the full force of his lengthy quest as he travels to India with four animal disciples, most significant among them a guardian-monkey known as [the Great Sage, Equal to Heaven.] Moreover, in its newly streamlined form, this acclaimed translation of a seminal work of world literature is sure to attract an entirely new following of students and fans. [A new translation of a major literary text which totally supersedes the best existing version. . . . It establishes beyond contention the position of The Journey to the West in world literature, while at the same time throwing open wide the doors to interpretive study on the part of the English audience.]Modern Language Notes, on the unabridged translation

The first complete English translation of the classic fictional narrative about the sixteen-year pilgrimage of the seventh-century monk Hsuan-tsang to bring back to China from India thousands of items of Buddhist scripture

This book contains the full text, in Traditional Chinese, of the first three books in our Journey to the West series for people learning to read Chinese. The three stories told here - The Rise of the Monkey King, Trouble in Heaven, and The Immortal Peaches - are unchanged from our original versions except for minor editing and reformatting. These three stories all focus on the adventures of Sun Wukong, The Handsome Monkey King, one of the most famous characters in Chinese literature and culture. His legendary bravery, foolish mistakes, sharp-tongued commentary and yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films. These books are based on the original epic 2,900 page novel written in the 16th century by Wu Cheng'en. It is probably the most famous and best-loved novel in China and is considered one of the four great classical novels of Chinese literature. These stories are written, as much as possible, using the 600 word vocabulary of HSK3. They are presented in Traditional Chinese characters and pinyin, and include an English version and complete glossary. Free audio versions of all books in this series are available on YouTube's Imagine8 Press channel, and on our website, www.imagine8press.com.

China's most outrageous character!the magical Monkey who battles a hundred monsters!returns to the fray in this seventeenth-century sequel to the Buddhist novel Journey to the West. In The Tower of Myriad Mirrors, he defends his claim to enlightenment against a villain who induces hallucinations that take Monkey into the past, to heaven and hell, and even through a sex change. The villain turns out to be the personification of his own desires, aroused by his penetration of a female adversary's body in Journey to the West. The Tower of Myriad Mirrors is the only novel of Tung Yüeh (1620|1686), a monk and Confucian scholar. Tung picks up the slapstick of the original tale and overlays it with Buddhist theory and bitter satire of the Ming government's capitulation to the Manchus. After a nod to Journey's storyteller format, Tung carries Monkey's quest into an evocation of shifting psychological states rarely found in premodern fiction. An important though relatively unknown link in the development of the Chinese novel, and a window into late Ming intellectual history, The Tower of Myriad Mirros further rewards by being a wonderful read.
