~~B2B sales expert Tibor Shanto, is leading the shift towards objective-based selling, a framework that enables salespeople to help buyers achieve their objectives. Unlike selling methods that ask salespeople to find pain points, objective-based selling is designed to help reps learn how they can help customers reach their goals. Not everyone has pain points that warrant an investment. However, everyone has goals and objectives for their role and organization. Here's more from Tibor on ...~~

~~1. Objectives around your sales team's capacity. Sales objectives can only be successful if your team has the ability (and the motivation) to see them through. However, increasing your team's capacity so they can sell more is also a sales objective. This can be as simple as cutting down the amount of time sales reps spend on data entry.~~

Insisting that an agreement be based on objective criteria doesn't give you the right to impose your criteria. Other standards may be equally valid and you should be open to exploring them or splitting the difference. For example, market value and depreciated cost may both be valid. Alternatively, both sides can agree on the standard most ...
