Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps:

- Boost reading comprehension
- Improve organizational and study skills
- Enhance speaking abilities
- Develop analytical capabilities

TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block

and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Provides practical ideas and strategies for exploring and teaching persuasive writing in grades 4-8. Includes reproducibles, graphic organizers, mini-lessons and check-lists.

Khetam Dahi captures the often-ignored voices and painful experiences of Syrian migrant children and families. In a simple yet honest and powerful prose, Dahi, through the eyes of a child turning adolescent, narrates the everyday existence of immigrant and working-class families. Although the family faced extreme hardships and poverty, their love for each other and determination to succeed served as a catalyst to infuse them with optimism and a love for life. Her inspirational journey of breaking through despite all obstacles certainly lets readers vicariously experience her joy and sorrow, regrets and hopes. Dahi's artfully weaved narratives provide young adult learners an opportunity to become personally enmeshed in her stories, but most importantly, it creates a space where students can feel free to relate, relive, and learn.
