Like many of Hesse's novels, "Peter Camenzind" is a Bildungsroman, literally a [novel of education] wherein we witness the coming-of-age of the eponymous protagonist. As seems to be the case with Hesse, the protagonist develops while other characters tend not to; rather, they serve the purpose of driving the maturation of Peter Camenzind, particularly his friendship with Boppi.

Hesse had published a few minor works of poetry and literature before 1904, but with the publication of Peter Camenzind, Hesse became more widely recognized as an up and coming German writer. Many know Hesse today, at a more sophisticated level, as the author of The Glass Bead Game ( Siddhartha being the primer for the larger tome that, in some ways, won him the Nobel Prize for literature in 1946).

The struggle of an artist to achieve a personal aesthetic ideal within a materialist and uncomprehending society Born into a Swiss village, Peter Camenzind is a introverted peasant boy who becomes a student at Zurich University where he is soon destined for some minor academic post. Yet he does not choose this path; perturbed by what he perceives to be the thankless and turbulent unrest of human nature, Peter Camenzind instead seeks his salvation through self-knowledge in the manner of a Romantic hero. But salvation is elusive; frequenting the bars and literary salons of European cities, his love affairs end as merely 'amusing' episodes, his drinking is escapist and he is further shocked by the death of the one friend whose life seemed to have some meaning. Finally he turns to St. Francis of Assisi in a last attempt at self-discovery, but personal sublimation after the example of the nature-loving saint still does not give his mind rest. It is not until he returns to his own village to care for his dying father that he can find the path that leads back to himself. Written with a profound intellectual clarity and insight when the author was only 27, this novel illuminates the very foundations of the deep humanity and searching philosophy which are the hallmarks of Hesse's later novels.

Hans Giebrenath lives among the dull and respectable townsfolk of a sleepy Black Forest village. When he is discovered to be an exceptionally gifted student, the entire community presses him onto a path of serious scholarship. Hans dutifully follows the regimen of study and endless examinations, his success rewarded only with more crushing assignments. When Hans befriends a rebellious young poet, he begins to imagine other possibilities outside the narrowly circumscribed world of the academy. Finally sent home after a nervous breakdown, Hans is revived by nature and romance, and vows never to return to the gray conformity of the academic system.

This is the first English-language edition of Klingsor's Last Summer, which was originally published in 1920, a year after Demian and two years before Siddhartha. The book has three parts: a story called A Child's Heart, followed by Klein and Wagner and Klingsor's Last Summer, Hesse's two longest and finest novellas. These novellas, along with Siddhartha (the three works were republished in 1931 under the title The Inward Way), are the first fruits of the period that began in the spring of 1919, when Hesse settled in the Ticino mountain village of Montagnola to start a new life without his wife and children. A Child's Heart, written in January 1919, in Basel, concerns the transmutation of a boy's innocence into knowledge of good and evil, and the painful guilt that accompanies this process. Both Klein and Wagner (written in May-June 1919, immediately after the arrival in Montagnola) and Klingsor's Last Summer (written shortly after) are set in a southern landscape that reflects Hesse's life that summer; both novellas have heroes who are more or less Hesse's age at the time; and in both the hero's death is preceded by a grand vision of unity in which the polarities of life are resolved. Hesse exposes himself mercilessly in Klein and Wagner, a story of escape, wrenching loose, letting go. But the expressionist painter Klingsor is a more direct self-portrait of the Hesse of 1919.
