Countless accolades have been bestowed upon King ' s X over the years, and, since their formation in 1980, they have grown to become one of the most universally admired in hard rock and heavy metal. But their story is one of many ups and downs, trials and tribulations, and periods of good and bad luck. This authorized biography examines and explores all aspects of their history, both personally and professionally. Comprised of extensive interviews conducted by author and longtime King ' s X fan Greg Prato, King ' s X: The Oral History allows the band ' s three members - singer/bassist Doug Pinnick, guitarist Ty Tabor, and drummer Jerry Gaskill - to tell their full story for the first time. It also opens the floor to friends and collaborators, plus some of the many top rock names who are also fans of the band, including Pearl Jam ' s Jeff Ament, The Police ' s Andy Summers, Smashing Pumpkins ' Billy Corgan, Soundgarden ' s Kim Thayil, Pantera ' s Rex Brown, Mötley Crüe ' s Mick Mars, and many more. In addition, King ' s X explores the stories behind every single song the band has recorded over the years, while also detailing the creation of each of their twelve albums and offering insight into the influence of religion on their work. It also features memories of the band ' s tours with some of rock ' s biggest names - including AC/DC, Pearl Jam, and Mötley Crüe - and the events that led to their show-stopping performance at the mammoth Woodstock ' 94 festival. Packed full of rare and never-before-seen photographs from throughout their career, King ' s X is the definitive companion to the band and their music.

Get a behind-the-scenes look at the making of Megadeth ' s iconic record, Rust in Peace, from the band ' s lead vocalist and guitarist. When Rust in Peace was released in 1990, the future of Megadeth was uncertain. Fresh off their performance at the record-breaking Monsters of Rock festival, and with knockout new albums from Slayer, Anthrax, and Metallica dominating the charts, the pressure to produce a standout statement record was higher than ever. In Rust in Peace: The Inside Story of the Megadeth Masterpiece, the band's lead vocalist and guitarist, Dave Mustaine, gives readers a never-before-seen glimpse into the artistry and insanity that went into making the band's most iconic record. He recounts the arduous task of hiring the band and supporting cast, of managing egos and extracurriculars during the album's ensuing success, and succumbing to the pressures of fame and fortune—which eventually forced the band to break up. And yet, Megadeth's demise was just the beginning; the birth pangs of the record were nothing compared to what came next. Alcohol, drugs, sex, money, power, property, prestige, the lies fed to the band by the industry—and the lies they told each other—threatened to eat away at the band's bond like rust, devouring it until only the music survived. Featuring a foreword by Slash
