Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world...

I am Special is a workbook developed by Peter Vermeulen and already used extensively with young people with autism spectrum disorder. The workbook is designed for a child to work through with an adult - parent, teacher or other professional. Unlike other books, its content and layout are devised especially for children who read, think and process information differently. I am Special is divided into two parts. The first is a theoretical introduction that explains how to inform children that they have autism or Asperger Syndrome and how to use the worksheets with groups or individuals. The second part consists of a series of worksheets which the child works through with an adult to create a unique and personal book about him or herself. It includes a series of exercises that present autism positively. They strike a balance between general facts, information about autism and personal information, covering the strengths an autistic person may have as well as the difficulties they may face. I am Special can be used with young people over the age of ten years. Not only is it an excellent source of information for the autistic child; it can be the first step in a process of counselling or psychotherapy or the springboard for a discussion group on autism.

A collection of eight critical essays on the classical tragedy, arranged in the chronological order of their original publication.

This collection, which won the 2015 Costa Poetry Award, is an exhibition of the Dundee-born poet's stunningly accomplished adoption of the sonnet's ancient structure This collection from Don Paterson, his first since the Forward Prize-winning Rain in 2009, is a series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the sōance, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by distance and darkness, which ring with the "sound that fades up from the hiss, / like a glass some random draught had set ringing, / now full of its only note, its lonely call." In 40 Sonnets, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in some of the most powerful and formally assured poems of his career.

Fans of Maggie Stiefvater and Colleen Houck will love this epic tale of forbidden romance and nail-biting action from New York Times bestselling author Sophie Jordan. In the climactic finale to the steamy Firelight trilogy, Jacinda must fight to save her life, her love, and all of her kind. If Jacinda were to follow the wishes of her community, she'd happily settle down with Cassian, the prince of her pride. But she just can't. She's in love with Will, a human boy who comes from a family of hunters. Their relationship breaks the most sacred rule and endangers everyone she cares about. Now Jacinda, Will, and Cassian fight back against the hunters and their shadowy allies who would destroy them all. . . .

One of Canada's hippest, smartest cultural critics takes on the West's defining value. We live in a world increasingly dominated by the fake, the prepackaged, the artificial: fast food, scripted reality TV shows, Facebook "friends," and fraudulent memoirs. But people everywhere are demanding the exact opposite, heralding "authenticity" as the cure for isolated individualism and shallow consumerism. Restaurants promote the authenticity of their cuisine, while condo developers promote authentic loft living and book reviewers regularly praise the authenticity of a new writer's voice. International bestselling author Andrew Potter brilliantly unpacks our modern obsession with authenticity. In this perceptive and thought-provoking blend of pop culture, history, and philosophy, he finds that far from serving as a refuge from modern living, the search for authenticity often creates the very problems it's meant to solve.

Based on Mr Hudson's identity, the book is featuring destinations for gays, but not necessarily gay destinations. It is about travelling in style for everyone who is looking for something different and special - no matter if men or women, travelling solo or as a couple. Mr Hudson Explores shows that every part of a trip is an incredible experience. The core content of the book will consist of 20 cities in the Northern Hemisphere and showcases the very best the destination has to offer. Each guide will give a general introduction to the city and, if applicable, its relevance for the gay community. It showcases various locations on culture and art, the most inspiring museum to visit, traditional and upcoming food places, best shopping experiences, music and nightlife: Where to go out, which bars do have the best drinks, and clubs you can have the most fun at the city's best parties and concerts. Depending on the location, day trips and activities can be included. Luxury accommodations and places to stay complete the range. The book will not just give descriptions of the places but also background information, telling the story of the owner, history or anecdotes.

[This] introductory textbook examines theories of personality, starting from the viewpoint that there are eight basic aspects to personality: psychoanalytic, ego, biological, behaviorist, cognitive, trait, humanistic, and interactionist. Later chapters apply these aspects to individual differences such as those of gender and culture. Summaries after each chapter encapsulate key theorists and concepts discussed. -http://www.bn.com.
